

PARENTING REFERENCE QUESTIONNAIRE

You are being asked to participate in a social study. The purpose of a social study is to make recommendations to the court when the parents cannot agree on the best parenting plan for their child or children. Each parent has been asked to identify references to complete a questionnaire about their parenting. Your participation is voluntary. **Your responses are not confidential** - they may be shared with the court, the attorneys and the parties involved in this suit. You may be called and asked additional questions about your responses.

Please send your completed questionnaire *as soon as possible* directly to:
